- 89.8%

### SSLC
Rathnavel Subramaniam Matriculation Higher Secondary School - Coimbatore
- From 2015 to 2016
- 90.2%

## CAREER OBJECTIVE

Looking to work in an organization that can provide a variety of opportunities that allow me to expand my skills and knowledge while working towards achieving the organizational goals.

## PROJECTS:

### Quiz Application

Developed a dynamic React.js quiz application with user-friendly interfaces, interactive multiple-choice questions, and learning experiences.

### Weather Application
Designed and developed a dynamic React.js weather application, integrating the OpenWeatherMap API to deliver up-to-date weather information based on user-specified city names, showcasing strong skills in front-end development, API integration, and user experience design.

### E-Commerce Application
An e-commerce project website built using the MERN stack would be a complete and robust web application that allows businesses to sell products online and customers to browse and purchase products. The website's front-end, built using React, would offer an intuitive and responsive user interface for customers to search and interact with products. The website's back-end, built using Node.js and Express, would handle user authentication, database queries, and API integrations.

## PROFESSIONAL SKILLS

Front-End: HTML, CSS, ReactJS, JavaScript
Back-End: NodeJS
Database: MongoDB
IDE: Visual Studio Code

## DECLARATION:

I affirm that the information presented in this resume is authentic, complete, and verifiable.
